

GREATER KROTZ SPRINGS PORT COMMISSION

LOCATION – The Port of Krotz Springs is located on the Atchafalaya River at mile 47.5 below the juncture of the Atchafalaya River with the Mississippi River near Simmesport and 76 miles above the intersection of the Atchafalaya River with the U.S. Gulf Intracoastal Waterway at Morgan City.

The Atchafalaya River is maintained at a depth of 12 feet by the U.S. Army Corps of Engineers. At the port, the channel is approximately 1,000 feet wide, providing ample clearances for anchorage and fleeting.

The Port is located adjacent to State Hwy. 105 and one mile south of U.S. Hwy. 190. The nearest rail service is 2 miles away and is provided by Union Pacific Railroad. The nearest Interstate Highway is U.S. I-49 located 17 miles west of the Port. U.S. I-10 can be accessed off of U.S. I-49 or can be reached by traveling 40 miles east to Baton Rouge.

The Port is located on 134 acres of riverfront property, half of which is occupied. Electricity, water and gas are available on site. An additional 200 acres of riverfront property has recently been purchased.

ORGANIZATION – The Greater Krotz Springs Port Commission was created by Act No 228 of the 1956 regular session of the Louisiana Legislature to regulate commerce and industry along the Atchafalaya River and to construct and operate port facilities. It is governed by a board of commissioners consisting of 11 members who are appointed for varying terms by various appointing authorities within St. Landry Parish, including the City of Opelousas (2), the City of Eunice (2), the Town of Krotz Springs (2), the St. Landry Parish Municipal Association (2) and the St. Landry Parish Government (3).
