

PORT OF IBERIA DISTRICT

LOCATION – Located near the Louisiana coast in Iberia Parish, the Port of Iberia is a 2,000-acre industrial and manufacturing site surrounding a man-made port complex. The port has access to the

U.S. Gulf Intracoastal Waterway and the Gulf of Mexico through its own Commercial Canal and has access to the Mississippi River through major ports in Baton Rouge and New Orleans.

The port is located along the Commercial Canal approximately 9 miles north of Weeks Bay on the Gulf of Mexico and 1.5 miles south of the City of New Iberia. Commercial Canal intersects the U.S. Gulf Intracoastal Waterway at mile marker 140.5.

ORGANIZATION – The Port of Iberia District was created by Act 128 of the 1938 regular session of the Louisiana Legislature. It is governed by a board of commissioners consisting of 7 members who are appointed for a 6-year term. The Commissioners are appointed by the Iberia Parish Government as well as the municipalities of New Iberia, Jeanerette and Loreauville.

The Port of Iberia is the oldest shallow draft port in Louisiana. By Act 486 of 1978, the ports limits were expanded to cover most of Iberia Parish and the communities of New Iberia, Jeanerette and Loreauville.

PORT COMMISSIONERS

Raymond Bernard, Jr.	Danny David	Frank Minvielle	Michael Resweber
